Our Price: £24

Description

STEIN ATOL Sewn Prusik Loop 65cm

The STEIN Pre-Tied Prusik Loop 65cm has been around for many years and still proves to be a vital piece of kit for many people for uses in both climbing & rigging systems.

Manufactured from STEIN ATOL Accessory Cord, a hard wearing 9.0mm, 16 plait Polyester braided cover over a Polyester core, with an Average Break Load (ABL) of 2250kg.

These loops are successfully produced under the PPE regulation (EU) 2016/425 and available as a sewn version measuring 65cm in length.

Polyester accessory cords require rigorous inspection on a regular basis before, during, and after each climb.
