Hayter Harrier 56 – 574A Variable Speed

HY-MWHA574

Hayter Harrier 56 Petrol Variable Speed Mower

The Harrier® 56 is our largest pedestrian rear roller rotary lawn mower. With an impressive 53cm rear roller, it's the widest in its class and ideal for lawns up to 1000 square metres (approximately the size of a 5-a-side football pitch).

Setting the mower to match your walking pace is easy, as the intuitive Sens-a-Speed system can be set between 0 – 2.9mph depending on how much you push to drive lever. The split rear roller allows you to turn without marking turf once you've reach the lawn edge, giving you a superb striped finish to your flat, large formal lawn.

Features and Benefits:

- The 56cm cutting width is ideal for large lawns (up to 1000 square metres) formal gardens with minimal slopes.
- Create perfectly sharp stripes with the integrated ribbed rear roller. For effortless mowing with great results.
- Self-propelled. Let the lawnmower do all of the work so you can simply walk behind and steer.
- Sens-a-Speed™ system automatically adapts to your walking pace from 0 to 2.9mph.
- A two piece, ribbed rear roller provides superior traction, manoeuvrability and avoids turf marking when turning.
- Trim Side deck design means you can cut right to the edge – ideal for around borders, raised flower beds and retaining walls.
- Easy to use height-of-cut lever. Choose between seven different heights (13 – 60mm) for your desired grass length.
- Guaranteed to Start (GTS) technology ensures hassle free starting time after time.
- Easy-wash hose connector allows you to clean the underside of your Harrier® without getting your hands dirty.
- Lifetime Deck Warranty† against any cracking or breaking of the aluminium deck during normal use.

Made in Britain

We are an authorised **Hayter** dealer and can provide full service support and maintenance for your Hayter product.
