Nippon Ant Bait Station – Twin Pack

31-38348

Description

Nippon Ant Bait Station - Twin Pack

Nippon Ant Bait is highly attractive to black 'worker' ants which collect the bait and return to feed the queen & the other ants in the nest.

Bait builds up within the colony and the entire nest is eliminated in 7-10 days.

Contains benzisothiazolone. Can on occasion produce an allergic reaction.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
