Our Price: £4399

Description

Husqvarna 435X AWD

All-wheel-drive robotic lawn mower for areas up to 3500m². Designed to handle complex areas, tough terrain and sloped up to 70%. Features X-Line design with LED headlights and intuitive interaction with Automower Access colour display.

The 400 Series robotic mowers offer the highest cutting capacities, the lowest noise levels and the most advanced features. They can handle small to large uneven, very complex lawns with ease. Ultrasilent drive motors for no disturbance and electric height adjustment. All models in the 400 Series feature the GPS assisted navigation for efficient lawn coverage in complex areas.

Pivoting rear body design - Automower® AWD models are built with an articulated rear body design that enables truly excellent maneuverability for navigation on complex lawns and through passages. The rear body also has a pivoting capability, considerably enhancing the traction in rough terrain, making the most out of the AWD

operation

Automower access - The new Automower Access user interaction with high-resolution colour display, jog wheel and status indicators, provides an intuitive yet sophisticated way of controlling your mower. The icon-based design language integrates intuitively with the Automower® Connect smartphone app, providing a seamless user experience.
