Description

Tractor Ted Down At The River DVD

From the original series, Tractor Ted discovers life on the riverbank.

Farmer Tom is busy on the farm - watch as he drives his big tractor through the river to get to the cows. We also get to meet some of the animals who call the river their home from the otters who are brilliant swimmers to the shy water voles. It's then off to the river to discover a massive crane setting up a floating platform and lifting a digger high into the air.

Tractor Ted encourages young children and pre-school children and toddlers to listen, count, read and sing and they pick up lots of information about work on the farm and in the countryside too.

All Tractor Ted DVD's are set to PAL region 0.
