Our Price: £399.99

Description

Hayter Osprey 46 - 610 Push Propelled

The Hayter® Osprey 46 Push 4-wheel rotary mower is perfect for informal medium-sized gardens (up to 500 square metres) with sloped areas where a mower with 4-wheels is ideal.

This mower comes with a mulch plug and is fitted with a 3-in-1 blade that can recycle your grass clippings by turning them into grass mulch and feed them back as natural fertiliser to help you achieve a luscious looking lawn. So say goodbye to having to empty your grass bag into your garden waste bin week after week.

We are an authorised **Hayter** dealer and can provide full service back up and maintenance for your Hayter equipment.
