### Ronseal One Coat Fence Life 5 Litre

Just one coat will protect your shed or fence from rain and prevent it greying in the sun. Despite the name, One Coat Fence Life can be used on any rough sawn wood so it's suitable for sheds too.

Available in a great range of colours, it protects and colours your wood, keeping it looking great all season long.

**For use on Exterior Wood only.**

Coverage: 6m<sup>2</sup> per litre. 5L will cover up to 6 fence panels.

**Medium Oak** - A natural and warm brown with redder undertones that looks good on your decking, shed, or fence.

**Tudor Black** - The darkest colour in the range and both dramatic and captivating. Incredibly striking and a great way to introduce contrast to your garden.

**Forest Green** - A deep and enthralling colour that's ideal if you want a traditional colour that's not brown.

**Dark Oak** - As versatile and it is satisfying, a warm brown for when you want a no-fuss approach to your garden colours.

**Harvest Gold** - A genuine golden brown that's bright and cheerful with yellow & orange undertones.
