

Wolf Garten Multi-Change Mini Cultivator with Handle

39-88022

Our Price: £16.99

Description

Wolf Garten Multi-Change Mini Cultivator with Handle

This Mini Cultivator features three lance shaped prongs to break up and loosen medium soils, allowing better nutrient and water distribution when cultivating plants.

The 7cm tool head width, combined with the ergonomically designed 15cm long handle, makes it ideal for working between growing crops or plants in beds, borders and containers.

Manufactured in Germany to the highest of engineering standards, this tool is designed to be interchanged with your choice of lightweight multi-change® handles.

To remove or swap it with another tool head from the range, simply press the release button on the upper part of the handle.
