Our Price: £479.95

Description

Portek Scatterbird Mk3 Gas Powered Bird Scarer

Setting the industry standard for durability, the Scatterbird range is purpose built for bird scaring and designed specifically to meet the needs of the farmer.

Next generation, incorporating many innovative features including the use of a UV stabilised, impact resistant polypropylene casing along with improved performance whilst retaining simple flexible controls.

To operate the Scatterbird MK3 you will need a 12 volt battery and a cylinder of propane gas (not included). Any size of propane cylinder is suitable for use.

Use of an optional internal 12 volt battery (not included) is however highly recommended to keep the wiring away from vermin and help prevent flood damage.

A superb all-weather piece of equipment, providing both excellent value for money and service.

Instruction Manual included.

Providing solutions for the farming industry, Ernest Doe & Sons Ltd are on hand for any assistance you may require when purchasing this product.
