## Description

### Mountfield HP41 16"/41cm Petrol Lawnmower

The HP41 is a fantastic mower for any gardener wanting a robust hand-propelled, petrol-driven mower capable of easing its way through most lawns as well as offering great value for money!

Driven by a 123cc STIGA ST120 Autochoke engine, the mower boasts a 39cm cutting width, with blades being able to be positioned in any of five different heights. The textile grass bag has a capacity of 40-litres and the polypropylene body is both sturdy and lightweight. The handle is easily folded down to make storage simple and space effective.

The tough polypropylene chassis won't rust; this also means that these mowers are extremely lightweight making them easy to manoeuvre and a pleasure to use. Backed by a 2-year warranty, the HP41 is a superb mower for any small to medium-sized lawn
