Britains New Land Rover Defender + Accessories 1:32 Scale

Launched in 1948, the last of the original Land Rovers rolled off the production line in 2015. Tough, versatile and manoeuvrable, the 90 short wheelbase model has long been the transport of choice around the farm.

This special edition Defender from Britains comes in Land Rover's best-selling colour of Cobalt Blue, with a detailed interior, spare wheel and chunky rolling tyres.

Included on this model is a removable roof rack for carrying accessories, plus a detachable winch on the front, ideal for dragging farm equipment or getting the go-anywhere "Landy" out of a tight spot.

There's also a tow hitch at the back, compatible with other Britains 1:32 scale authentic farm implements.

Manufactured from die cast metal and precision moulded, durable plastic.

The stalwart of the farming community and an absolute necessity to complete any farm set or collection.
