

Atco Classic 16S Self Propelled Petrol Lawnmower

MT-AOMWCLASSIC16S

Our Price: £268.99

Description

Powered by a Stiga ST120 Auto-choke engine which ensures quick and easy starting. Low fuel costs and reduced emissions. The 41cm cutting width mower is made of robust steel with an anti-scalp plate designed to minimise scalping and improve the cut.

The cutting height can be adjusted from a single point lever and be adjusted into 6 positions ranging from 22-65mm for the perfect cut every time. The machine also comes with a mulch plug as standard which mulches the grass clippings into extra fine particles and recycles them back into the lawn as a natural fertiliser and add valuable nutrients.

The grass collector has a 60 litre collector with an indicator to show when the bag is full. The bag is also easy to empty and collapsible for easy storage.

The ergonomic handles ensure a comfortable grip during usage and can also be folded forward for easier storage.

We are an authorised **Atco** dealer and can provide full service back up and maintenance for your Atco equipment.
