Our Price: £16.99

Description

Tuff Tub Black 69 Litres

The Tuff Tub Black 69 Litres is a large capacity black bucket made from polypropylene with two rope handles. Useful for storage of many household or industrial items both indoors or out. Ideal for transporting equipment or waste materials.

Popular amongst equestrians as a mobile water trough when a mains water supply is not available. Apart from the flexibility of being able to locate where horses are being grazed, the rigid outer makes it unlikely to be kicked over or trodden on. Logistically too, tubs of this type make light work over their flexible counterparts when having to replenish water stocks using portable water containers.
