Description

Silky F180 Lightweight Folding Saw

Aimed predominantly at the light pruning and gardening market, this cost-effective, versatile folding saw is ideal for all garden pruning tasks and outdoor projects.

The blade is 180mm long with a large tooth configuration of 7.5 teeth per 30mm and locks in two positions to allow flush cuts.

The handle is constructed of fibreglass polypropylene with a rubber insert which reduces vibration and improves grip, especially when working in wet conditions.

It is not possible to sharpen the blade but the saws are a sustainably designed with replaceable blades (available separately).
