

Private: HSA56 with AK 10 battery and AL 101 charger

Our Price: £225

Description

The lightweight HSA 56 offers effortless power and control allowing you to trim and shape your hedges with surprising ease. Surprisingly light at 3.7 kg (with AK 10 battery) and with low vibration, the HSA 56 is easily manoeuvrable, making your work less strenuous. Cut back hedges quickly and trim your shrubs effortlessly with the HSA 56. It's quiet too, so no ear protection is necessary. The double-sided, droplet-shaped blade delivers the cutting force exactly where you need it, resulting in a perfect finish. Meanwhile, the guide protection system protects the blades while cutting close to the ground. To ensure your hedge trimmer's in tip top condition every time you need it, use STIHL Superclean resin solvent after use. Simply spray onto the blades and run the machine for a short time to remove resin build up and lubricate the blades.
