Honda HHB 25E Petrol Leaf Blower

HD-HHB25E

Description

Honda HHB25E Leaf Blower

A blower is designed to do one job, and one job alone. The Honda high performance blower efficiently pushes leaves and litter into manageable piles, where they can be collected and composted. It's ideal for keeping gardens, parks, stadiums and streets neat and tidy all year round.

Our lightweight blower is the first of its kind to pack a 4-stroke engine – it's powerful and efficient. But the great ideas don't stop there; with features like airflow cruise control, using the Honda HB25CC Leaf blower makes the work that bit easier.

We are an authorised **Honda** dealer and can provide full service back up for the lifetime of your product.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
