**Our Price: £25**

---

## Description

### Galvanised Weld Mesh Panels

Manufactured in a 12 gauge (2.5mm) steel with a 50mm square mesh hole and then galvanised to add a protective coating to guard the steel against corrosion and rust.

Ideal as a temporary or permanent fixing around the home and garden, with a variety of uses such as fencing, pet enclosures, cages, covers & protection.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
