

# Honda FG205 Petrol Mini Tiller

HD-CTFG205

Our Price: £844

## Description

### Honda FG205 Petrol Rotavator

The Honda FG205 petrol Rotavator uses the same frame and great GXV50 engine as the Honda FG201 mini tiller; however the FG205 has better tilling qualities thanks to its slower tine speed (135RPM) and greater tine width (45cm). The FG205 is the perfect go between for the FG201 and F220. With a larger working width than the FG201 but with all the ease of a mini tiller, you can maintain your plots and beds effortlessly. The low vibration level makes it comfortable to use and the folding handles and carry handles makes it easy to transport and store. The Honda FG205 petrol rotavator is an ideal all round lawn care tiller. The lightweight HHonda FG205 petrol rotavator will take all the hard work out of maintaining your flowerbeds and vegetable plot.

We are an authorised **Honda Dealer** and can provide full service back up for your equipment. Check out other products in the range:
