

Private: Westwood T80 Garden Tractor with 48" Deck

CX-WWT80/CX-WWPGC

Our Price: £4875

Description

Westwood T80 Garden Tractor with 48" Deck

Powered Grass Collector sold separately

Westwood T80 lawn tractor with 48 inch rear discharge XRD cutter deck. Westwood T series garden tractors for the serious gardener with larger areas of ground to maintain.

The Westwood T80 is the largest rear discharge tractor of the range with a Kawasaki FR 541V 603cc twin cylinder engine and 48 inch cutter deck. The Westwood T80 has all the features and specifications you would expect from a quality large garden tractor including electric power take-off, operating management system (on-board computer), steel body and heavy duty axle.

The Westwood T80 is built to tackle the demands of large gardens. Westwood garden tractors can cope with a variety of cutting conditions from very dry to damp and even wet grass with no problem. The Westwood XRD rear discharge cutter deck fitted to the T80 is designed on the very popular Vector Flow system and unlike most cutter decks has 3 contra-rotating blades. Clippings are thrown to the rear of the deck and into the path of the 300 litre powered grass collector. With the grass collector fitted not only can you efficiently collect your clippings but the inbuilt roller gives a beautiful striped finish to the lawn.

We are an authorised **Westwood** dealer and can provide full service back up and maintenance for your Westwood equipment.
