

Husqvarna RC 318T

HV-RDRC318T

Our Price: £7899

Description

Comfortable Rider with smart collection system and easy emptying

The Husqvarna Rider RC 318T is a versatile ride-on lawn mower with a high collection capacity to mow large gardens. Its innovative clog-free collection system feeds the grass clippings directly from the front-mounted cutting deck into the 300-litre bag. Automatic compaction allows more grass in the collector, so you can drive longer before emptying. Cutting height adjustment and emptying can be performed without getting off the machine, contributing to both comfort and efficient work. The cutting deck can be tilted 90 degrees to be easily accessible for service and cleaning.

ACTech - Non-clog collection. Compacting grass in collector, meaning bigger area coverage. The efficient collection leaves a clean lawn as a result.

Husqvarna RC 318T

HV-RDRC318T

Empty collector from the seat - The integrated collector is easily emptied from the driver's seat

Non-collecting mode - Easy switch between collecting and non-collecting mode by just pushing a button. You don't have to leave the driver's seat.

Service position - Service position on the cutting deck facilitates cleaning and service.

We are an authorised **Husqvarna** dealer and can provide full service back up and maintenance for your Husqvarna equipment.
