MT-AOMWLINER16SLIKIT

Atco Liner 16S Li Battery Lawnmower Kit

MT-AOMWLINER16SLIKIT

Our Price: £599

Description

Innovative low maintenance and ‘intelligent’ motor technology for efficient working allows this mower longer operation times of up to 60 minutes. The 1500W DigiTorq motor is brushless, extending the lifetime of the machine and enhancing energy savings. Plus this roller mower is quieter than it’s petrol counterpart, making it considerate to both the environment and your neighbours!

Fitted with ergonomic soft-grip handlebars for comfort, the Liner 16S Li is self-propelled and features 180mm ball-bearing front wheels for effortless land conveyance. Anti-gouge skid plates enable multi-terrain transitions without harming the turf and the full width roller not only produces a classic striped finish but also provides extra stability for tidying around difficult-to-reach ornamental areas without ditching you in the flowerbeds.

This compact 41cm mower features a spacious 55-litre grass bag with a bag-full indicator that is collapsible for easy storage and comes fully kitted with batteries and charger included.

Clean, no-fuss, quick-start accessibility and virtually maintenance free – just pop in the batteries and go. With the Liner 16S Li you have the freedom to concentrate on cutting perfect, traditional striped lawns at an excellent price.

1x 2Ah and 1x4Ah 48 V Batteries & Battery Charger come included as standard.
Suitable for medium sized gardens. A 5-year manufacturer's warranty is included with this machine.

We are an authorised Atco dealer and can provide full service back up and maintenance for your Atco equipment.
