Atco Liner 19SHV Petrol Rear Roller Lawnmower

MT-AOMWLINER19SV

Description

Atco Liner 19SHV Petrol Rear Roller Lawnmower

The step-less variator with infinite self-propel speed adjustment along with a galvanised steel and aluminium chassis make this the ideal endurance precision mower for the more expansive garden.

The Liner 19SH V has a user friendly, easy auto choke and push button electric start for consistent ignition and an ergonomic handlebar designed for impact reduction and ultimate comfort while mowing.

The hybrid cutter deck at the heart of this Liner is made from a combination of aluminium and powder-coated galvanised steel, with rock-solid durability and superior corrosion resistance assured. While the 48cm Twinclip, double cutting blade and eight extensive, 13-65mm, adjustable positions, produce a beautifully, immaculate lawn finish.

Its aftercare, washing link for cleaning corrosive debris conserves its rock-solid durability, a useful addition to its already superior corrosion resistance.

And because the Twinclip blade double cuts the grass, meaning it takes up less space, the immense 80 litre grass collector maximises a fantastic, 20% increase in grass box collectively. Generating time saving and fuel efficiency with less trips to empty. This mower really pulls a time and user-friendly, precision - punch.

The Liner 19SHV the perfect choice for lawns up to 1600m² in size.

We are an authorised **Atco** dealer and can provide full service back up and maintenance for your Atco equipment.
