

Birchwood Casey Gallery Airgun Metal Resetting Target

22-05646

Our Price: £18.99

Description

Birchwood Casey Gallery Airgun Metal Resetting Target

Shoot, Reset, Shoot again. No problem! The portable frame and easy-to-use spinning targets means no more knocked down targets to set-up.

Featuring 1 3/4" Paddles, each target is a solid 3/16" thick (3/8" on the magnums) hung from a durable, welded steel frame to provide years of trouble-free practice.

All targets include high visibility Target Spots® Targets and the foot rest makes it easy to push the frame into the hardest ground.

Simply hit all four hanging targets then aim to reset the targets as they drop back down for another round of shooting fun.

Minimum target distance for shooters and spectators is 25 yards.

The Rimfire Spinners are designed for .22 rimfire cartridges using only soft-nosed bullets and moderately powerful Airguns (approximately 500 feet per second or faster) with lead pellets only to operate effectively.

Please read and follow instructions carefully below and during use.
