Description

Haemmerlin 934 Sack Truck Trolley

The Haemmerlin 200kg sack truck is an upgraded version of Haemmerlin's traditional sack truck and ideal to help you to carry and move heavy loads that would ordinarily have been unmovable.

It is suitable for carrying loads up to a massive 200kg and features the added benefit of pneumatic wheels for ease of use and to allow for a smoother ride.

This model also has safety handle grips, a drop down base which doubles the capacity and wheel protectors.

Please check the manufacturer's instructions carefully before using equipment to assist with carrying heavy loads.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
