Our Price: £89

Description

Haemmerlin Vibrante GO Lime 90L Pneumatic Wheelbarrow

Don’t let the looks of this beauty fool you, the **Vibrante** range is built to last with premium trays made from Haemmerlin’s renowned high density Polypropylene, which is equally as strong as it is flexible.

Equipped with a one piece tubular black frame, a tipping bar that facilitates the process of unloading the content, the 90 Litre version is perfectly suited for the garden and light building applications.

A large pneumatic tyre profile gives a perfect balance over uneven surfaces and enables the user to move the wheelbarrow with ease. Additional benefits include a solid metal rim in Grey for increased strength & safety alongside easy exchangeable inner tubes.

In 5 vibrant colours, each 90 Litre GO model has matching 'soft feeling' coloured grips to complete the look and we envisage the hardest choice will be picking your favourite.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
