

Private: Draper Jet Force Propane Space Heater 40KW-136kBTU

41-75954

Our Price: £219.98

Description

Draper Jet Force Propane Space Heater 40KW-136kBTU

A high performance propane space burner manufactured with a steel burner assembly and the preferred choice over direct diesel heaters.

The gas safely ignites by the use of a solenoid thermocouple valve activated by a Piezo push-button ignition system and each heater is fitted with a thermal overload protection device ensuring motor longevity.

Supplied with 1.5M gas hose, cable and approved plug, this unit has a suggested heating area of up to 23000cu.ft and is perfect for use in open and semi-open environments such as workshops, garages & marquees along with the temporary heating of buildings under construction, alteration or repairs.

Dimensions: 595 x 260 x 370mm.

User manual can be downloaded by clicking on the specification tab.
