EF-155024

Our Price: £225

## Description

### Liveryman Harmony Plus Rechargeable Clipper with 2.4mm Wide/Fine Blade

The most versatile clipper yet, Harmony Plus can be used as both a cordless clipper or trimmer. It's extremely easy to use regardless of ability and is suitable for daily use.

If you want one machine to do all, then this is the clipper for you!

Low Noise, Low Vibration, Harmony Plus is one of the quietist clippers on the market, making it ideal for horses that are not used to frequent clipping, nervous horses or horses being clipped for the very first time.

Features an Easy Change Blade System, switch from a wide clipping blade to a narrow trimming blade quickly and easily and best of all, they require no tensioning. With a wide variety of blades available to buy, you can alter both the cutting height and width to suit the job at hand.

Battery runtime is designed to be long enough to complete a full clip (approx 90mins) and the absence of cables means you can concentrate on clipping hands free without the worry of loose wires around the horses feet. Clipping time can be further extended by 4 hours with the OPTIONAL Harmony Battery Pack.

Fitted with Snap on A5 blade (Wide/Fine 2.4) which is ideal for large areas of hair and giving an overall cleaner finish.

**Harmony Plus comes in a smart convenient carry case with oil, brush, mains adaptor and full set of instructions.**

Clippers can run from mains charger if battery charge runs out, just as long as you are stopping every 10 or 15mins to clean the blades with blades wash.
