Fynalite Multi Weeda-Ragwort Fork with T Grip

Perfect for gardens as well as paddocks, this nifty tool can easily remove the most difficult and toxic weeds right down to the root.

Keeping on top of unwelcome visitors such as Ragwort, Dandelions, Docks, Thistles & Nettles, the Mulit-Weeda provides maximum effect during the Spring months, before the weed has the chance to seed and the root system too established.

Boasting a lightweight aluminium shaft with T bar handle for ultimate grip and control, the unique head has been designed with sharpened prongs to cope with hard & stony ground and lift the weed with minimal soil disturbance.

An absolute must for any equestrian or small holder who prefers not to use harmful chemicals where livestock will be grazed.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
