Description

Zero In Ultra Power XL Fly Stick

Look no further for effective control of big fly problems all summer long.

Ideal for use inside the home or commercial premises and sheltered outdoor areas such as refuse area, stables, greenhouses and down on the farm.

Featuring an Aureola colouring to attract more flies & bugs, the stick is poison free and boasts a massive catch area with long lasting adhesive coating.

Simply hang using the hook provided or lay flat in an out of reach area where flying insects are a nuisance. Once they are stuck, they stay stuck!

Replace when adhesive surface is covered with flies.

Can be disposed with regular household waste by first placing unit inside original box, or inside garbage bag.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
