## Description

### Exocet Diesel Power Restorer Fuel Additive 200ml

Modern diesel engines use highly precise injection technology to help deliver optimum driving performance efficiently with reduced emissions, however over time deposits can build up in the fuel injection systems.

This innovative fuel additive has been especially formulated to break down and disperse those hard lacquers and IDID's which cause notable reduction in power, engine misfires at idle and power surges.

Rapidly bringing fuel flow and engine power back to optimum levels, Exocet Diesel Power Restorer can help resolve problems resolved with minimal downtime.

May be used when engine management light is illuminated and as part of a regular servicing program.

Proven results with one single dose (X01966D) - 200ml treats 100 litres, 500ml treats 250 litres & 1 litre treats 500 litres of fuel.

Buy online and collect from the Parts Counters in one of our 19 Branches across the SE & East of England.

Please enquire for other sizes: 100ml, 1ltr, 5ltr, 25ltr & 200ltr (drum).

Could this Exocet Diesel Power Restorer be your savour this season? Why not view more essential products in our **Car Products** range.

## Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
