## Description

### Exocet Fuel Store Plus Additive

Specially formulated to protect fuels and fuel systems where fuel is stored for long periods of time with no turnover and/or the associated equipment is used only infrequently.

Aged fuel often discolours, forms gums and other deposits resulting in a deterioration in the ignition quality.

Fuel ageing is irreversible and is accelerated by the addition of bio-components to the extent that latest specification fuels may only have a shelf life of 6-8 months.

This product acts to delay the symptoms of fuel ageing and additionally has anti-corrosion and biocidal properties.

Ideal for use in seasonal vehicles and Classic & enthusiast vehicles which require protection.

Exocet Fuel Store Plus (X01270FS) - 500ml treats 2,000 litres & 1 Litre 4,000 litres of fuel.

**Recommended for Professional & Trade use.** Buy online and collect from the Parts Counters in one of our 18 Branches across the SE & East of England.

Please enquire for other sizes: 100ml, 200ml, 5ltr, 25ltr & 200ltr (drum).
