Description

Rolson 60114 80L Water Carrier

Not only a great invention for the Equestrian market but a variety of applications where water is needed without direct supply and/or hosepipes are out of action due to freezing conditions.

Ideal for paddocks, gardens, allotments & building sites etc, this H2O carrier has been especially designed for use with a wheelbarrow, making light work of a normally heavy and cumbersome task.

Fitted with an easy pour spout & cap plus anti-slide to prevent slippage during water transfer, why not team with one of our superbly balanced **Haemmerlin Wheelbarrows** for an everyday solution to your needs.

for a more balanced solution to your everyday needs

External dimensions: 100 x 70cm.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
