## Description

### Faithfull Multi-Cut Thin Discs 115 x 1.0 x 22mm Pk of 10

These new universal discs will cut a wide range of materials used in the construction and fabrication industries and at only 1mm thick they are able to provide a fast cutting action with less waste, dust and generating less heat.

'Multi-Cut Discs' solve the problem of cutting several different materials at once and are ideal for cutting modern day composite materials used throughout the industry.

Ideal for cutting sheet metal, stainless steel (inox), pipes and profiles, brick, stone, ceramic tiles and other building materials along with plastics/ PVC.

Available in one of the most popular sizes, these versatile discs are supplied in a sturdy metal storage tin of ten for safe keeping.

Not suitable for side or wet grinding.

Note: Particular attention should be paid to the relevant safety regulations when using abrasive discs.
