Our Price: £4.99

Description

Barrentine Teak Oil 500ml

An oil for the treatment and enhancement of untreated wood including hardwood that is suitable for use both indoors & outside.

Teak Oil penetrates unsealed wood leaving a natural, water resistant finish ideal for outdoor garden furniture with a traditional soft matt sheen on indoor furniture.

Regular use will nourish, revive and feed wood and reduce the weathered appearance of wood giving a satin finish (not suitable for Oak, furniture or flooring).

Prior to application, a wood preservative treatment is thoroughly recommended which must be allowed to dry before applying Teak Oil. Very regular re-treatment will be required if using outdoors.

Apply 2- 3 thin coats of Teak Oil leaving 12-24 hours between each coat and a minimum of 1 day after the final coat before using treated item.

Coverage: 1 litre to 8-10m². Drying Time: 24 - 48 Hours. Application: Brush/lint free cloth
