Description

Saddlers Pure Himalayan Salt Lick 1kg Block

Saddlers Pure Himalayan Salt Licks provide the essential minerals Sodium & Chloride, which are often short in equine diets; especially working horses.

Offering a block is a good way to ensure horses & ponies can self-supplement as per their needs.

100% natural, the block is extremely hard so won't crumble or allow your horse to bite off large chunks. Weather resistant too, making them ideal for horses at grass.

They also contain a small amount of other essential minerals including magnesium, potassium and iron.
