Our Price: £225

Description

Harkila Reidmar GTX Leather Boots Dark Brown

The Reidmar GTX boots weigh in at a mere 756 grams per boot, have a medium-height 8" shaft and standard last (normal width fit).

The uppers are constructed in full-grain leather and the soles in relatively flexible Vibram®, which ensures a good grip on flat or moderately uneven ground. The boots also feature a shock-absorbing midsole for a thoroughly comfort feel when out hiking.

Other stand out features include a fully waterproof GORE-TEX membrane and a U-turn® wire lacing system, for easy fastening. The lacing system is very robust, but if the wire it uses ever breaks, U-turn® offer a lifetime replacement warranty. All you need to do is ensure you retain the hangtag that is on the boots when you buy them.

UK Shoe Sizes: 8-12.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
