Our Price: £249

Description

Haemmerlin 300L Colossus Poly Wheelbarrow

Specifically developed to meet the needs of the horticulture, agriculture & equestrian markets, the mighty Colussus boasts Haemmerlin's biggest & lightest tray with a gigantic 300 litre capacity. Coupled with a twin axle design to improve weight distribution and relieve pressure on the user’s spine, it is capable of transporting heavy loads in superb balance.

A superior tubular frame with extended front supports provides greater stability in motion whilst pneumatic wheels with an extra large tyre profile enable the wheelbarrow to be moved with ease over a variety of surfaces.

Bi-Material handles also feature to reduce vibration and prevent slipping.

Developed with customer’s preferences and ideas in mind, each Haemmerlin product has been designed to give top performance, utilising only the strongest and most suitable materials in each part.

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
