Description

Scare'm Hawk Complete Duo Set

Research has proved that frequent changes in the shape of your scarer keeps gulls, pigeons and other flying pests away most effectively and this set offers two great kites for the price of one!

The hawk, a natural predator, and the fast-moving delta make a great team.

Lightweight and extremely strong, the 'Scare'm Hawk Complete' uses unique carbon fibres struts so the kites take flight in the lightest breeze.

Further enhancing the scare factor, some of our customers have reported the 'Hawk' kite in this kit has attracted other hawks into the area.

Comprehensive instructions included.
