Our Price: £229

## Description

### Stihl BGA57 Cordless Leaf Blower Kit

Ideal for domestic users, the BGA 57 is perfect for clearing jobs around the garden. Featuring a new design in line with other new STIHL releases, the blower also has an improved balance and better blowing performance –all whilst retaining a low weight (2.2 kg) and sufficient working time for domestic use (22 min with AK 20 battery).

The BGA 57 can be used without the need for ear protection. An adjustable blower tube allows you the choice of 3 lengths to suit the users height. The operators control handle is easy to use, with the trigger lockout designed symmetrically for right or left handed use.

STIHL's new lightweight cordless blower in the AK System is the successor to the BGA 56.

**Ergonomic soft grip** - The soft grip absorbs some of the vibrations and is extremely easy to grip

**Eyelet for wall hanging** - There is a hanging opening in the handle housing where you can hang the device securely on the wall

**Perfectly balanced** - The device is perfectly balanced during operation to reduce fatigue.

We are an authorised Stihl dealer and are one of the first to stock the new Stihl cordless range. Why not [click here](#) to check our wider range of Stihl products?
