Description

EverGreen 25Ltr Lawn Dressing

Applying this highly organic Evergreen Enriched Lawn Soil will significantly improve the root zone of lawn grasses along with general aeration to discourage compaction.

It promotes increased grass root activity and the ability of the lawn to withstand hard wear and drought conditions.

Ideal for filling in holes, repairing bald patches and establishing a premium soil bed prior to sowing and laying turf.

The organic matter also helps to maintain an acid balance in the soil to stimulate healthy turf growth and grass to thrive.

Contact us

Ernest Doe is a long established family firm with a network of branches in the South and East of England. Managing Director Colin Doe is the fourth generation of the family to have run the business in its 100+ years of trading.

The firm supplies an incredible amount of machinery; from garden mowers and chain saws to combine harvesters and construction excavators. Our philosophy is simple to supply the best products and then to support them with the service facilities and expertise to keep them running perfectly.
