

Private: Humax John Innes Potting No.3 Compost 25L

Our Price: £7

Description

Humax John Innes Potting No.3 Compost 25L

Humax John Innes No.3 Compost is a traditional, superior quality soil based compost made for established plants, especially in the patio area and final repotting of tomatoes.

Includes Loam, its most important ingredient providing the wide spectrum of plant nutrients needed for healthy growth along with some organic matter releasing nitrogen slowly to the plant.

Spagnum moss peat in John Innes improves aeration and water retaining capacity whilst line-free Grit Sand is included to allow excess water to drain preventing waterlogging.

To give the pH level most plants prefer ground horticultural grade Limestone has also been added.

We have a great range of products to help you create your perfect garden, so why not browse our huge **Garden Collection** today.
