Description

Toro 21762 Recycler Petrol Lawnmower

Mow large lawns up to 1,000 square metres with ease with this petrol-powered Automatic Drive Toro Recycler. The Automatic Drive System smoothly adjusts mower speed to your preferred walking pace. The handlebar is adjustable for added comfort, and you can also easily adjust the mower to your preference of recycling, bagging or side discharge.

Featuring a wide 55 cm cutting width and a powerful Briggs & Stratton® 163cc engine, it's built to handle large lawns. The grass bag's capacity of up to 74 L lets you spend more time mowing instead of emptying.

With Recycle on Demand, you can switch from bagging to mulching in seconds with a flip of the quick-change lever – and the bag can stay mounted in either mode. Adding to the ease is a washout port for fast deck clean up.

2-year Guaranteed-To-Start Warranty.
