**QUICK-CHANGE
 COUPLER**
 makes attachment transition quick and easy.

**HEAVY
 DUTY AIR
 FILTER**

MTA-PB
 Blower attachment

*1: Unit without attachment

OPTIONAL ATTACHMENTS

MTA-PS POWER BRUSH

Attaching this optional tool converts the Multi-tool into a versatile power brush for sweeping grass clippings, snow or leaves. This is perfect for a variety of surfaces including lawns, pavements and driveways.

MTA-PB BLOWER

Fit the optional blower attachment to the Multi-tool engine unit to create a powerful blower for blowing leaves and other light debris.

MTA-TC CULTIVATOR

Attach the optional cultivator to the Multi-tool to dig and help control weeds. It features 12 steel tines and has a cultivating width of 160mm.

MTA-LE/E LAWN EDGER

This optional attachment converts the Multi-tool system into a lawn edger. The edger has a guarded rotating steel blade for easy tidying of a lawn edge.

MTA-PP/E POWER PRUNER

Attach the optional power pruner to the Multi-tool unit to easily prune high branches and lop tree limbs.

MTA-AH-HD & MTA-AHS-HD HEDGE CUTTERS

The optional articulating hedge cutter attachments feature a blade which articulates from 0 to 90° in 15° increments. Fitted with a double reciprocating double-sided blade, the multi-tool becomes a versatile long or short reach hedge cutter.

MTA-TB TRIMMER / BRUSHCUTTER

Powerful, optional trimmer/brushcutter attachment with nylon line head and blade.

MTA-3EXT EXTENSION POLE

Add the optional 91 cm (3') extension pole to the Multi-tool for extra reach (for use with Power Pruner® and Hedge Trimmer attachments).

PROFILE

FEATURES

BENEFITS

One engine... seven tools

Own a range of the very best tools at a much reduced total cost

Premium grade ECHO engine

Increased performance / extended product life / less downtime

Quick-change coupler

Simple attachment fitting

Tool-less air filter cover

Easy access even when wearing gloves

Commercial-grade felt air filter

For improved filtration

Throttle handle with rubber grip

For increased comfort and better control

Superior exhaust system

Exhaust emissions are directed away from user. This also prevents scorching and discolouration of foliage when trimming hedges

Fully enclosed cover prevents the user from touching hot exhaust

Purge bulb

For easy starting

ES Easy Start system

Minimum effort required to start the machine / faster starting

Vertical fuel filler neck

Enables easier re-fuelling

Stage 2 low emissions compliant

Reduced exhaust emissions

Engine Displacement	Dry Weight**1	Output	Fuel Tank Capacity	Length**1
25.4cc	4.8kg	1.0kW	0.6 litres	1038mm
